Dedication

TO MISS MILLIE KATE MCCOMB WHOSE YEARS OF EVER FAITHFUL, EVER GUIDING HELP ARE GRATEFULLY ACKNOWLEDGED AND FITTINGLY HONORED BY HER BEING CHOSEN AS DEDICATEE FOR THE 1937 Log.

Foreword

In the following pages we hope to give you not only a complete account of activities at Hickory High School, but also an analytical survey of these activities which, when looked at and read in the years to come, will bring back vivid memories of high school life.

The system of division in the 1937 Log is but slightly different from preceding annuals. There are senior, junior, sophomore and freshman pictures, snapshots, various club pictures and write-ups of all phases of school life.

And yet we hope that in these pictures and writings will be found a definite aim, a certain quality that will distinguish this LoG from all of its predecessors.

Its aim—to create a spirit of fellowship and neighborliness in the school. Its quality, if we may be pardoned for boasting, is of the very highest calibre.

That's our belief—we hope you'll agree.

School Song

Hail! All hail to Hickory High School.
And to her colors true.
We will ever more be loyal,
For we're proud of you.
And we'll sing a song of gladness,
Name thy glories o'er,
Hail! All hail to Hickory High School,
For ever more.

CHORUS

Then wave her colors ever,
Furl her standard never,
Raise it high and proudly cry,
"We're Hickory High School girls and boys forever."
Our songs and praises swell,
Let's all join hands and give a yell,
For we'll fight with a vim that is dead sure to win,
For old Hickory High!

Lift the chorus, speed it onward,
Loud thy praises sing.
As thy noble sons and daughters
Make the welkin ring.
Arm in arm we'll stand together,
Thy honor we'll uphold.
Hail! All hail to Hickory High School
And the Garnet and the Gold.

Senior Class History

The world is but a sphere: its children merely architects. They endlessly design their hopes and in accordance build their characters: yet only those with strong foundations stand.

We, as architects of future lives, designed, now four years hence, the structure we have built. We wisely chose as cornerstones four solid rocks, whose names themselves gave reassurance. These stones—Latin. algebra. English, and science, proved to form a firm foundation which could easily endure the jolts and scars of life. It took one year to deftly shape and strongly form this, our foundation, but we considered none of these, our precious moments, lost.

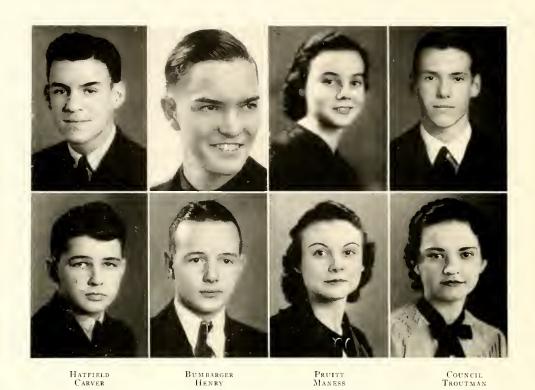

The second year we found much easier, because we knew just what to do. We attempted to fulfill no new design but skillfully developed that which we had formerly begun. When we realized that our structure soon would be half-built, we became unjustly proud and boastfully reviewed our work for those following in our steps. We reached the end of our successful second year with strong determination to uphold the standards which had thus far guided well the forming of our characters.

The third year brought our structure to a soaring height, which would indeed have caused the loss of much its firmness had not skilled architects well-guided every move. Our many planned activities gave our building a more pleasing effect, which added to the nearness of its perfection. Our school paper, The Red Tornado. added new experience; our Junior-Senior Theatre Party gave grace and elegance to our fast developing pattern. The end of our third year found us unsubdued and willing to exert more effort toward a worthwhile completion of this phase of our lives.

Our fourth year and—our last—held new glories for our band of striving architects. They skillfully gained the touch of dignity which smoothed the surface that had heretofore looked uncouth and incomplete. Our ambitions and desires added an unforeseen splendor to our nearly completed structure. We were satisfied. As we gazed at four years' work, we observed that our character was a graceful, lofty structure looming against the sky of Success.

MARY BETH KUHN, Class Historian.

Senior Class Prophecy

Tuesday night, 1952! How time does fly! With a spirit of energy, I pushed a button in the wall beside me.

A part of the wall slid back. This was my radio. Suddenly I saw the gorgeous interior of a famous broadcasting station just as though I were there in person!

There was a drum roll from the orchestra. Then the announcer stepped to the microphone. 'Clay's Picklepuss Pickle Manufacturers on the air! This is Richard Smith announcing to you the 222nd consecutive program in a series of spectacular programs, brought to you by Nancy Clay, maker of Clay's Picklepuss Pickles with pickle factories in London. Paris. Berlin and Moscow, besides our many American plants. Our pickles are wholesome and delicious, and are eaten by people of all ages for pep and energy!

"We now bring you Miss Elaine Maness and her orchestra 'The Carolinians.' playing several songs written by Lila Ruth Sullivan and Sarah Fowler, and featuring Ellis Garrison and his 'Vicious Violin,' Other solos will be rendered by Ruth Kingsolver on the Tenor Sax, Sara

Clarke playing the Trumpet, and Mary Dudley Hamer with her Bass Cello.

As the orchestra "swung it," I noted the details of the beautiful studio which had been built by the renowned financier. James Craig. In charge of the large Control Room I saw the light and electricity technicians. Lewis Elrod and Furches Little. Sound effects were peing furnished by Ray Flowers and Robert Frye.

"We are honored to have with us as a Guest Artist tonight, Mr. Weston Hatfield, now appearing with the Metropolitan Opera House. His song is 'Mirage' from the picture of the

same name.'

As the applause died away, the announcer again appeared, with three of Hollywood's most famous personalities—"And now, ladies and gentlemen, you have all heard about the dramatic new picture, '727 Minutes to Live,' starring Billie Frazier, Mary E. Simpson and Bill Councill. I take pleasure in presenting these stars to you now, doing a sketch from the picture, which is being produced by James Latham, the experienced motion picture theatre magnate, and directed by Lona Belle Presslar. Other well known members of the cast are the Broadway Comedians. Harry Wise, Adelaide Shuford and Nancy Leach."

Bong! At the end of the sketch there was a short pause for advertising

"Now we bring you statements from prominent people—Coach John Cline of Notre Dame University says (quote) 'I always tell my boys that if they want their 'Energy Up!' they must eat Clay's Picklepuss Pickles regularly. They're the best made.' (unquote).

"Miss Imogene Cashion. winner of all diving awards in the recent Olympics, exclaims (quote) 'I vote for your pickles always! I find that they give me the Vitamin 'W' necessary to win!' (unquote).

The orchestra now plays a medley of tunes from Melba Bowman's newest musical comedy. Richard Patterson and Dorothy Lytle will play solo parts. Miss Hazel Starnes is at the piano. The music finished, a bugle call announced that Paul Bumbarger, our favorite News Com-

mentator was on the air!

"Flash! Boston—The spring football season for professional teams was closed last night under the lights of Boston's 'Diamond in the Rough' baseball and football field. A sensational battle was fought between the Boston Sharks and the Seattle Leopards. The touchdown which told the tale was put across in the last one-half second by Ben Laney, maneatingest of the Sharks. Other outstanding Sharks were Mac Teeter and Levern Dietz. The score at the finish was—Sharks. 14. Leopards. 13. Leopards in the spotlight were Julius 'Dark Horse' Abernethy and Alwyn Phillips. The Leopards' manager, Quinton Howell, said (quote) 'We were spotted from the first, but the Leopards will leap next year! (unquote),

"New York—Football is over, and baseball takes the stage. The Detroit Tigers have traded Thurman Hand, pitcher, with the 'Super-Screwball' to the Van Beuren Lavender Sox for H. H. Sigmon, catcher, and Ned Frye, utility man. June Henkle, manager of the Tigers, has been quoted as saying—"We expect our biggest season this year. 'We'll get the pennant or else! (Else we won't get it.')."

"While Harold Keever, the Sox's manager says, 'If you won't let us be champions, we just

won't play!'
"Rome, Italy—The McCoy Prize, given each vear by Helen McCoy for great inventions, has been awarded to Drs. Sara Virginia Colerider and Richard Thompson for their discovery

of a fertilizer which will increase or retard the growth of trees!
"New York. New York—The play of the week is 'Open, Sesame!' by co-authors Madalene Goodson and Fanellia Leonard. The part of Ali Baba is played by Raymon Huggins. Hope Anderson, Hilda Berry, Hazel Waggoner, and Hugh Davis are also well known members of the cast. The stage effects and lighting are by Bob Aiken.

'Chillicothe, Ohio-Ned Armstrong and Ewell White, munitions makers, announce that Lithuania has ordered 320 G-Destroyers (no relation to G-Men) for her army. However, Herschel Starnes, Ambassador to Lithuania, says the boats are merely for government commun-

Page Thirty-two

ications. Bill Wise, designing the boats, and his assistants, Lentford Brittain and Elmer Bow-

man, are rushing the order.

Callendar, Ontario-The Dionne Quintuplets, now eighteen years old, have appointed Dr. Rusk Henry as their medical advisor. Their former advisor, Dr. Allan Roy Dafoe, resigned because—'They wanted strawberry ice cream sodas for every meal, and since they must dress alike, they could never agree upon which outfit to wear!' Drs. Winston Cloer and Helen Brookshire will take Dr. Henry's place at the head of the Callendar Hospital. They are already famed for the work they have done with assistants Helen Parlier, Frances Kennedy, and Mary

Beth Kuhn.
"Washington-Bill McRorie, Chief of the G-Men, states that the major crime problem of the year is the boisterous conduct of many people on Halloween Night. Since these are the only Public Enemies left, Mr. McRorie and his G-gang, Marion Poovey, Frank Innes, Bill Gilbert, and Robert Carpenter will have plenty of time to devote to the Halloween problem.

bert, and Robert Carpenter will have plenty of time to devote to the Halloween problem. "Washington—A committee was appointed to go fishing this week in place of the President, who is busy writing speeches. The committee is composed of William Burns. Everette Deitz, R. L. Poovey, and Paul Parlier. They will fish on the yacht of Mary Elizabeth Regan, who with Rachel Suggs originated the 'Plant a Tree' program, which has been supported by Mrs. Percival McGinnis (Mary Alice Hilts)—wealthy society matron, Anne Adams—dealer in stocks and bonds, and Hazel Barnes—maker of 'Write Today' Stationery. Thank you."

"And now," (the announcer again) "Clay's Picklepuss Pickles present the year's foremost comedian, Mr. Orville Campbell—'The Bob Burns of 1952'—doing imitations of famous people. Some of the people he will mimic are Helen Hawn, the singer Pauline Culpepper and

ple. Some of the people he will mimic are Helen Hawn, the singer, Pauline Culpepper and Helen Rockett, New York actresses, and the Honorable Franklin Carver, Republican speaker.

"Thank you, Mr. Campbell, and now we give you Marvin McCaskill and his 'Happy Harmonica Players' who recently played in the picture, 'It's Your Deal', directed by co-directors Anna K. Annas and Billie Carpenter and Paul Jones. Harmonica soloists will be Faye Barrs, James Creech, and Etheline Huggins.''

After several harmonica harmonies, Richard again appeared.

"Miss Maness' orchestra plays now a group of tunes rearranged by those well known figures in the musical world, Mildred Shuford and Peggy Cannon. The first tune will be "March of the Wee Folk." The other songs will be sung by Frances Johnson and Helen Anderson.

"We now bring you the foremost poet of North Carolina, Mr. Russell Abee. He reads first his famous poem 'Night Thoughts', then several lighter compositions such as, 'Buttercups in the Field' and 'Life Is a Ferris Wheel.' His manager, Mr. Ralph Black, will also speak a few words.

"Thank you, Mr. Abee, those certainly are lovely poems. Now we have time for a short talk from Mr. Conrad Fritz, recent protege of O. O. McIntyre. He will present one of his

columns, 'Asheville, Day by Day.' Mr. Fritz.''
''It's spring! This morning I found that I had a note from the Countess Du Pont (Marjorie Setzer), the socialite, inviting me to tea to meet the sensational playwright, Helen Winebarger. I then went to the golf matches and met the leading contestants. Nettie Franklin and Helen Day, whose scores were 21 and 22, respectively, due to the use of 'Phillips Perfect Putter', recently invented by Mr. Bonard Phillips.
"For the 'Look the Same as They Did Ten Years Ago Club' I nominate Harry Murphy.

His job as publicity manager for Helen Sherrill, the actress, hasn't changed him a bit. "Frank Deitz, third baseman for the Chicago Cubs, has been made their manager, and is reported to be the wealthiest of the partakers in sports. Second to Mr. Deitz in financial assets is Jack Anderson, who recently retired from his position as Coach at American University.

"Among those who have recently returned from Europe are William Longfellow White, America's outstanding poet: Eva Miller and Lois Wyantt, who have been hunting Giant Pandas in Iower Africa; and Miss Etta Suttlemyre, who is reported engaged to the Second Assistant Dictator of England."

'Thank you very much indeed, Mr. Fritz.

"In a recent pickle census, the following people were interviewed: Mary Frye and Nell Pritchard, air hostesses on the Trans-Atlantic Dirigible Lines; Juanita Davis and Ruby Lanier, prominent in Boston society; and Nell Moser. John Whitener, and Elizabeth Little, athletes in the Universal Tournaments. Although different in occupations and hobbies, all agree on their

favorite pickle-Clay's!

"Well, folks, that just about seals and delivers tonight's program. Next week we will bring you many famous people. Among them are: (1) Marion Morgan, whose new book 'Nobody's Darlin' But Mine is a best seller; (2) the President of the League of Nations, Louise Pruitt, with her committee of Pacifists—Maude Shuford, Evelyn Troutman, and Helen Kiser; (3) Mrs. Clarence Duboise-Duboise (Suzanne Vander Linden), chairman of the 'Witherspoon for our next President' Delegation, to tell of the work she is doing, with vice-chairmen, Sara Suther, Elizabeth Stroup, and Edith Phifer; and (4) Madame Zenoba Brownelanetz, the famous singer. Just leave your radio turned on at this station until then, and you can't miss hearing us! That's all, folks!"

Senior Class Poem

Four years ago we did start Our high school career with thrill in heart, We worked beside faith, kept it amid the cheers.

Tossing it about for four short years.

As the years melted into our pot, We drank knowledge to forget not. Daily weaving our memories Into the stage of gallantry.

Our history has a thrilling plot, With laughter at the very start. And romance between the lines-then tears, For we have loved these four short years.

"Hail! All Hail! to Hickory High School And to her colors true, We have sung it over and over For we stand by you.

"March on! March on! Hickory High To greater victories," we do cry! Forever keeping your banner high Towards God's blue, blue sky.

Farewell, classmates, farewell, We bid to you a fond adieu. And in the years that are to come We will often, often think of you.

To all your glories, future and cause Make us take this hourly pause, To say, "Farewell, farewell, Hickory High." We, the Seniors, must pass on by. BILL WHITE, Class Poet.

Senior Class Song

Unite, O. '37, forever Join with all your might and main, To our beloved Alma Mater. Sing her praise again. For here's to her whose name we cherish! Here's to our colors bold! May we honor, love, protect her And the lavendar and gold.

Our strong band can ne'er be broken, It can never, never die, For surpassing wealth unspoken, Sealed by friendship's tie. When we sing our lives last measure, Sweetest then shall be Strains recalling every treasure Of fondest memory.

Chorus-

Farewell, Hickory Hi, we love thee, May we ever faithful be. For the class of '37 will pledge to thee Its undying loyalty.

History of Junior Class

(With apologies to all poets)

Listen, dear classmates, and you shall hear Of the ranks of students gathered that year, In the terrible fall of thirty-four When school bells called us back once more.

This time as freshmen—green as grass.
With the important dignity of that new-born class.
Oh! for childhood's painless days.
When we knew not the sophomores' ways.

Then we were sophs And, oh, how proud! With a silly giggle And a laugh shrill and loud.

Yet we were grasping by our daily toil. The knowledge that is sought by all. The work of our teachers, our study, our play Will all combine to make us grads some day.

Our history is ended to present date. Next year as seniors we'll have more to relate. Either rich or poor—no matter what position we hold, We'll be faithful, as now, to the garnet and gold.

—NANCY BROOME.

Junior Marshals

The Class of 1938 is such an outstanding class that it was impossible to decide satisfactorily upon the usual number for Junior Marshals.

The committee appointed to select the Marshals felt that it would be unjust not to recognize the merit of these twenty-two juniors, whom, after due consideration, they chose as Marshals:

Sophomore Class History

At last we, the class of '39, have advanced far enough to have a past. Realizing that the best prophet of the Future is the Past, we have done our best to uphold the standards set by the classes which have gone before us. Perhaps we have not attained some of these standards; maybe we have raised a few; nevertheless, we are very proud of our school.

Soon after our first day here as Sophomores, we held a class meeting and elected class officers and an adviser. We are again well represented in the many school activities open to us.

We do not see how we could have progressed as far as we have without the aid of our teachers, with whom we will co-operate for two more years. Therefore, we will strive to be the best graduating class that Hickory High School has ever had.

Freshman History

We, as Freshmen, met at Hickory High on September 16, 1936. We came not as a group from any one school, but as representatives from the various schools of the Hickory system, having spent seven years in preparation for the four years at high school.

We were very expectant as we entered the beautiful high school building that first day, and our expectations are being fulfilled each day. As a class we have not lagged behind but have participated in every school activity and have tried to develop into worthy students of Hickory High.

The faculty and upperclassmen have reached out helping hands and have made us truly a part of the "big school family."

New surroundings and new associations have broadened our outlook, and we earnestly hope that in the remaining years our class will keep the standards of Hickory High!

This year has marked the beginning of The Hickory Twig, first printed paper of Claremont High School. It was inevitable that we should have had a paper of this kind. With the rapid growth of our school has come dignity and standing. We realized that the size of our school warranted the best paper it was capable of producing. That has been our aim. All our effort and time has gone into its making.

Ours has been a purely unselfish motive. Instead of attempting to gain profits, we issued the paper at a minimum cost, trusting thereby to ensure its firm establishment and to awaken students to the necessity

of a really good paper.

We who have had charge this year, under the able direction of Miss Fritz and Miss Dover, now lay down our task. It is for the efficient members of younger classes to take hold. Be faithful and diligent as we have striven to be. Try to develop to its limit this institution. For the glory of your school—carry on!

MONOGRAM CLUB

Football, 1936

- 1. SHELBY, SEPT. 25—The Hickory Tornadoes began the 1936 season determinedly, by defeating a heavier Shelhy eleven there to the sweet tune of 14-0. In the second quarter a pass, Cline to Keever, brought the first score, and then a series of vicious line plays, climaxed by Philips' plunge across, resulted in another six points. As the game neared its end, the hattling Tornadoes pushed their opponents back on their own goal line where they grounded a pass, giving Hickory a safety. The entire Hickory team displayed promising skill, with the work of Abee, Cline, Deitz, Helton, Philips, and Keever especially effective.
- 2. STATESVILLE, OCT. 2—Covering themselves with glory in the first home game, the Tornadoes overwhelmed their ancient rivals, 19 to 0. Three minutes after the opening whistle, Frye fell on a fumble behind the goal line to start the scoring. Following a twenty-yard run, Philips passed to Abee for the second touchdown, and the third came after Cline's successful pass to Abee and a triple reverse, Philips to Laney to Teeter. Cline's shifting out of the line to throw left-handed hullet passes, Deitz's blocking, and Abee's kicking stood out brilliantly. Abernethy and Hahn also gave a good account of themselves.
- 3. L. R. "CUBS," OCT. 9—Playing excellent foothall and taking advantage of every break, the Tornadoes realized one of their big amhitions and trounced a strong "Cub" eleven from the college, 13-7. The whole team played stellar foothall, one score resulting from a pass, Teeter to Abee, and the other on Laney's plunge through the line.
- 4. LINCOLNTON, OCT. 20—A postponed game played on a wet field against stiff opposition could have spelled disaster, but the plucky Hickory team outplayed their opponents the first half and scored when Cline, accurate passer, spiraled a beautiful pass into Abee's waiting arms. Lincolnton's star back, Grice, slipped through and tied the score and the teams fought on even terms until the final whistle. Deitz, Cline, Teeter, Abee, and Laney played well.
- 5. CONCORD, OCT. 24—Only four days after the tough battle with Lincolnton, Hickory dropped a hotly-contested game to Concord, 12-0. Injuries, fumhles, and the speed of Beaver, Spider back, doomed the Tornadoes. Cline, Teeter, Abee, and Hay gave good performances.
- 6. LEXINGTON, OCT. 30—The crippled Hickory eleven was completely demoralized by a barrage of five touchdowns picked up at random by Captain Welch behind perfect hlocking. Abee's punting and John Cline's offensive and defensive work were the only bright lights in the gloomy Hickory horizon, marred by a 33-0 score.
- 7. NEWTON, NOV. 6—The battle royal of the season with Hickory's arch rivals, the Newton Devils, ended in a 6-6 tie. Having outplayed Newton until the final minutes, the Tornadoes allowed them to recover a fumble. The line held twice with only inches to go; then Hendrix skirted end for the lucky six points. Abee's punts, averaging 43 yards, featured the game, with Cline, Whitener, Teeter, Frye, and Dobbins playing truly "heads-up" ball.
- 8. BARIUM SPRINGS, NOV. 14—A touchdown parade was staged at Barium, with the strong Orphanage eleven led by Beshears, crossing the marker for a total of 38 points; while the Hickory team, weakened by injury and illness, fought gamely, but in vain, to enter the scoring column.
- 9. KANNAPOLIS, NOV. 21—The Tornadoes ended their rather hectic season effectively in a hard-fought, "nip and tuck" affair with Kannapolis 0.0. Abee's punts averaged 53 yards. Deitz, Teeter, and Senter, playing his first full game, were outstanding.

EDWARD HAY, Junior Center, 130 Pounds

Though light, Ed was a capable center and could always fill the position well when called on.

BEN LANEY, Junior Quarterback, 135 Pounds

Co-Captain next year. Ben did a fine job of quarter-backing for his first year at this position.

RUSSELL ABEE, Senior Left End, 155 Pounds

Second All Conference End. Abee's pass receiving and fine punting were great factors in the team's success this season.

> JACK ANDERSON, Senior Right End, 130 Pounds

Jack is one of the toughest little men on the squad and always did a good job at end.

R. L. MITCHELL, Sophomore Left Tackle, 150 Pounds

One of the most aggressive men on the squad. We believe he'll do even a better job at tackle next year.

REX WATTS, Junior Left End, 140 Pounds

Watts, Abee's understudy this year, is expected to do a good job at end next season.

JULIUS ABERNATHY, Senior Fullback, 150 Pounds

Mentioned for All-State Team. Julius was the best blocker in the backfield and spent most of his time clearing the way for ball carriers.

> CLIFFORD HELTON, Sophomore Right Tackle, 198 Pounds

Another Sophomore and tackle who will be heard from much in the next two years.

HAROLD KEEVER, Senior Right End, 150 Pounds

Harold could always be counted on to get down the field in a hurry on punts and passes.

SETH FRYE, Sophomore Right Guard, 155 Pounds

Though just a sophomore. Seth did a creditable job at guard.

T. W. KEEVER, Senior Quarterback, 135 Pounds

T. W. proved a very capable understudy to Ben Laney and a hard worker.

MAC TEETER, Senior Halfback, 140 Pounds

Though much experienced, Mac improved as the season progressed. His speed and ability to return punts made him the year's best ground gainer.

> JOHN WHITENER, Junior Halfback, 150 Pounds

Though converted into a back, John was always a hustler and the hardest driver in the backfield.

LEE SENTER, Junior Left Guard, 160 Pounds

Lee's development as a guard and center was rapid toward the last of the season. We expect him to be a brilliant linesman next season.

FRANK DEITZ, Senior—Captain Center, 175 Pounds

All-Conference Center. All-State High Team. His fine playing marked him as one of Hickory High's best athletes.

ALWYN PHILLIPS, Junior Halfback, 160 Pounds

Though hampered much by injuries, his playing was always an inspiration to the team. As a passer he'll be the best in the Conference next year, we believe.

JOHN CLINE, Junior Left Tackle, 168 Pounds

Honorable Mention on All-State Team, Co-Captain next year. His hard blocking and tackling, his ability to carry the ball and diagnose plays made him one of the season's outstanding players in the line and in the backfield.

ROBERT HAHN, Junior Halfback, 130 Pounds

A broken collar bone just before the Newton game cut short what seemed to be a good year for Rob. His ability to receive passes will probably cause him to be shifted to end next season.

JAMES BURCH, Junior Right Guard, 135 Pounds

Burch was always capable of filling a guard position when the going was tough.

BOBBY DOBBINS, Sophomore

Left Guard, 155 Pounds

With two more years, Bob will be a power at guard and center before he finishes school.

RUSS ABEE Captain, Forward

Russ's fine playing and remarkable eye for the basket have been outstanding for this all-conference star. He will be greatly missed next year.

ROBERT HAWN Forward

Robert, a two-year letter man, will have one more year to defend the Tornadoes, which he has so greatly upheld. He was a dread to all of his opponents.

NED FRYE

Ned is playing his last year for the Tornadoes. As a guard, he could not be excelled for his consistency and fast action on the court.

BEN LANEY Forward

This small but fast forward has contributed many baskets for the Tornadoes. Ben is a two-year letter man and still has one more year to show his ability on the court.

BAYNE TEAGUE Forward

This Junior is a two-year letter man and has had no trouble at all in keeping his position on the first string.

FRANK DEITZ Guard

Frank is a very capable guard and is known for his long shots and good defensive work. His shoes at guard will be hard to fill.

RALPH BRITTAIN Center

Although this is his first year on the court, he has made a very good showing, and we expect big things from him next year.

REX WATTS_-

Rex. although a substitute this year, has shown great ability in handling the ball, and next year we expect to see him on the first lineup.

HOYT ABEE

Guard

This boy is going to give someone a scrap for the guard position next year.

FRANKLIN CARVER

Forward

Franklin is a two-year letter man. Although hampered by illness for part of the season, he has done much toward the team's success.

IMOGENE CASHION Captain

Although "Imo" had her start as a guard, she has proved a most capable forward. We know that she will keep on climbing. Our captain will certainly be missed next year.

MARY HALL Co-Alternate Captain

If you want to find the ball, find Mary, or if you want to find Mary, find the ball. Mary has proved that as a guard. She will certainly come in handy in '38.

NELL MOSER Co-Alternate Captain

Nell has surely turned the tide. Instead of chasing, she is being chased this year. She always takes care of her share of the scores. We couldn't have done without her this year.

MILDRED SHUFORD Forward

Just give Mildred the ball and then see what happens! "Mimi's" aim often saves the day. Nice work you have done for Hickory Hi.

ELIZABETH LITTLE Guard

No forward can get around Elizabeth. She really gets in the game and fights! We'll need more players with her fighting spirit next year.

Maude Shuford Guard

Maude is always right there. Where? Where her forward is. She has surely proved her worth during her years with us.

KATHRYN WILSON Forward

"Kat" has made a good start. She certainly can be used the next two years.

PEGGY CANNON Guard

Peggy has shown that hard work can really make a good player. Her pep and hard fighting have certainly been an aid to the team.

RUBY LEE SUMMEY Guard

Ruby Lee has already made a name for herself in basketball at another school. We certainly are lucky to have her this year. She can really stick.

HAZEL WHITENER Forward

We have found that treasures come in small packages. We are looking forward to some swell playing from Hazel next year.

Joy Abernathy Forward

Joy has proved that hard work can make a good player. She is valuable material for coming years.

GWENDOLYN ZERDEN Guard

"Gwen" is always in there fighting, and she can stick.

Doris Cashion Guard

We think that Doris is going to keep up her sister's reputation.

SARA JANE WHITE Guard

Sara Jane enjoys hard work and she can be a great success in the future.

DOROTHY KERLEY Guard

Tall guards are always a valuable asset to any team.

HERMALEEN DEAL

Guard

Stick in there, Hermaleen! You have the winning spirit.

Basketball Resume

The Hickory High basketball teams ended their conference season last week, both minus the conference championship, but nobody can say that either team was guilty of not trying.

The Red Tornadettes. especially, were in the thick of the fight up until the very last game with Statesville. Until that time they possessed a conference record unblemished by a single loss, and marked with only one tie—that against Barium Springs, whom they later defeated. But the ill winds of defeat conspired against the girls at Statesville, resulting in a stinging 26 to 14 loss, which automatically gave Children's Home the title.

The boys ended the season with a 40 to 6 victory over the Greyhounds for their sixth conference win against four losses, two of which came in away from home games against opposition that had been defeated at Hickory. All in all., the Red Tornadoes have had a very successful season with the outstanding feature of their play being a strong defense. Ned Frye and Frank Deitz, playing their first year on the varsity, have been instrumental in this phase of the Tornadoes' floorwork and deserve especial commendation. Russ Abee, center, and Rob Hahn and Bayne Teague, forwards, have taken care of the offense in fine style.

But no writeup of the 1937 boys' team would be complete without mention of several substitutes, most of whom were on the squad for the first time. The most outstanding one, perhaps, was Ben Laney, diminutive forward who always received first call when one of the regulars was ailing. He reached his peak in the Statesville game here several weeks ago when he led the Hickory team in scoring.

Three other subs worthy of mention are Ralph Brittain, center, and Hoyt Abee and Rex Watts, guards.

Every one of the girls' games was marked by the fine play of the first four Tornadette guards—Mary Hall, Elizabeth Little, Ruby Lee Summey, and Maude Shuford. These girls were a big help in Hickory's strong bid for a conference title.

The top individual honors for the forwards were about equally divided between Captain Imogene Cashion and Co-Alternate Captain Nell Moser. These two led the Tornadettes' scoring practically time about. Mildred Shuford, the other first string forward, proved indispensable to the team by her always brilliant floor game.

In every basketball season, there are always high-lights, usually too insignificant for insertion in post-season summaries. Here are several from the season of 1937:

- 1. The beautiful game played by Mildred Shuford against Barium Springs there.
- 2. The Hickory boys' feat of not allowing Lincolnton a single field goal until the last quarter, and only one then.
 - 3. Imogene Cashion's overhead shot against Spencer.
 - 4. The play of the second and third boys' teams against Valdese.
- 5. The ingenious ability of Mary Hall to get her foot caught in the only hole on the Barium Springs gymnasium floor.
 - 6. The boys' comeback in the second half against Kannapolis.
 - 7. Nell Moser's brilliant long range shooting against Statesville in the last quarter.

Tennis

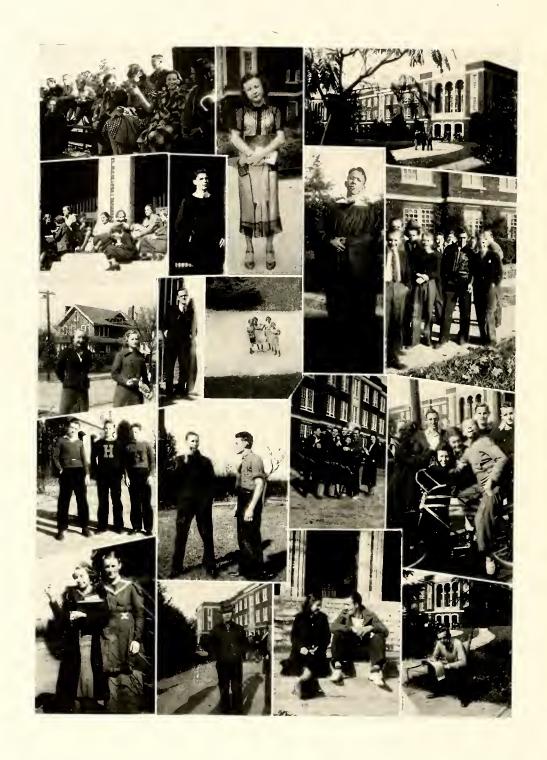

CAPTAIN PAUL BUMBARGER—Paul's southpaw stroking has baffled many opponents. He is rounding out his third year of service as a regular; his unusual ability at the net will be missed next year.

ALTERNATE CAPTAIN JAMES LATHAM—"Lacy" brought a new style of tennis with him last year from Gastonia, and proved to be just the stimulus needed for a winning team.

MANAGER ORVILLE CAMPBELL—This popular senior's ability at covering the court, his rangy build, and his fast footwork have made him a valuable asset to the netters of Hickory High.

JOHN FRIDAY—John has a fine record behind him for his three years on the team, having prospects of becoming a really great tennis player. He is slated for next year's captaincy.

MARSHALL MAUNEY—Marshall is a steady, dependable player.

Jokes

MISS MILLER: "If Minnie in Indian means water, what does Minnesota mean?'

ELIZABETH PRUITT: "Soda water."

RICHARD SMITH: "Well, I did my good deed today—made at least fifty people more cheerful."

QUINTON HOWELL: "How was that?"

RICHARD SMITH: "I chased my hat when the wind blew it down the street."

BOB AIKEN: "I saw your test paper in the bookkeeping room. You got a zero."

BILL COUNCIL: "That means nothing to me."

PAUL BUMBARGER: "Do you know how to tell a teacher from a student?" ELLIS GARRISON: "No. how?"

PAUL BUMBARGER: "Ask him what 'it' is, and if he says it's a pronoun, he's a teacher."

Miss Grissette: "Well, Marion, what excuse have you to offer for not doing your Spanish lesson last night?"

MARION POOVEY: "To tell the truth, my throat was so sore that I could hardly speak English."

MISS SETZER: "I am sorry that I lost my temper and fussed at you awhile VERNON LACKET: "Miss Setzer, I'm sorry I acted a fool too."

RUSSELL ABEE: "My love for you is so deep that I can't express it." FRANCES KENNEDY: "Oh, don't waste your time looking for words; just see what you can find in your pocketbook."

HELEN SHERRILL: "My boy friend said nothing was too good for me." ZENOBA BROWN: "And what did he give you?"

HELEN SHERRILL: "Nothing."

ORVILLE CAMPBELL: "It is predicted that in ten years time measles will be unknown."

HARRY WISE: "A rash prediction, I think."

SARAH FOWLER: "Do they have July Fourth in England?"

MILDRED SHUFORD: "Of course not."

SARAH FOWLER: "Then what day comes after July the third?"

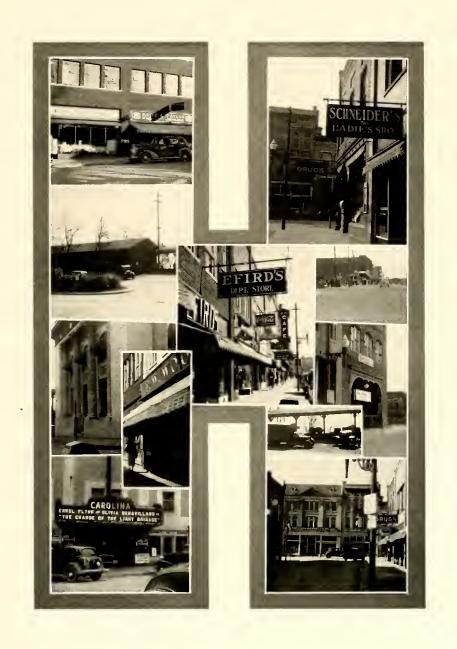

FRANK DEITZ: "What is the date, please?"

MR. STARNES: "Never mind the date. The examination is more important."

FRANK DEITZ: "Well, I wanted to have something right on my paper."

JACK ANDERSON: "What is a budget?"
ALWYN PHILLIPS: "As nearly as I can tell it's a system of worrying before you spend instead of afterwards.

MISS GREEVER: "Now we find that X is equal to zero." SARAH HESTER: "Gee! All that work for nothing."
